Dear The Federal Communications Commission,

I do not want to pay more for my telephone service! I urge you to reject the flat fee proposal for the Universal Service Fund.

Low-volume and primarily residential customers would bear the same universal service fund burden as a high-volume residential or business customers. This is UNFAIR!

I use my wireless phone for safety, security and convenience. I don't want to lose these benefits so that big businesses can pay less than their fair share. I urge you to REJECT the proposal to move the USF collection system to a flat-fee.

Thank you

Sincerely,

Janet Dickey
